Tuscarawas County Bridge TUS-CR-99-0.71

Hammontree & Associates was hired by the Tuscarawas County Engineer to provide the design for a new structure to replace a deficient bridge in Franklin Township over Sugar Creek, just outside Strasburg, Ohio.

The new bridge is a 126-foot single span composite steel girder bridge on semi-integral abutments. The roadway alignment was adjusted throughout the project length to improve the horizontal geometry.

Services Include:

- Bridge Design
- Roadway Design
- Geotechnical
- Hydraulics and Hydrology
- Right of Way Plans
- Structure Type Study

Morris Knowles & Associates was hired by ACTION Housing as the civil engineer on the design team for the affordable housing projects Krause Commons and Flats on Forward, in Pittsburgh, PA.

Photo above: Flats on Forward, currently under construction in Pittsburgh, PA

The Krause Commons was complete in 2019 and the “Flats on Forward” project, next door, is currently under construction. Morris Knowles provided civil site design, utility design, site grading, stormwater management design, permitting and construction administration services.

New Hires

Hammontree & Associates, Limited and Morris Knowles & Associates, Inc. (A Hammontree Company) are pleased to announce the following new hires:

Morris Knowles & Associates

Ashley R. Brehm-Wynkoop - Field Technician

New Plain Township Amphitheater

Sol Harris Day Architecture hired Hammontree & Associates to provide civil site design and assist with site permits for the new 2,500 seat Amphitheater in Plain Township, Ohio. The property is located on 2.75 acres on a vacant lawn area adjacent to the Oakwood Square parking lot.

The amenities include gas fire pits, covered shade pavilions, sloped lawn seating, and a freestanding rest room. The project is scheduled to be complete in late summer, or early fall of 2023.

Services Provided Include:

- Civil Site Design with Grading and Utility Coordination
- Stormwater Pollution Prevention Plan and Reports
- Permitting Through Stark Regional Planning, Stark Soil and Water and Ohio EPA for Construction Stormwater Discharge and Water Quality Design

Cincinnati Testing Systems Addition in Hamilton County, Ohio

Hammontree was hired by *John Patrick Picard Architect, Inc.*, to provide surveying and civil engineering for a new building addition at Cincinnati Testing Systems. The project is located at 1011 Progress Way in the City of Harrison, Hamilton County, Ohio.

This project is currently in the permitting phase.

Services Provided Include:

- Surveying, Boundary and Topographical
- Civil Site Design
- Assisted Client with Permitting
- Underground Stormwater Management Design
- Utility Coordination
